¹APR or "annual percentage rate," projected monthly payments, and total cost of loan examples are based on a \$10,000 loan disbursed in two equal disbursements with a 10-year repayment. The examples assume a 0.50% interest rate reduction for authorizing our servicer to automatically deduct monthly payments from a savings or checking account, and that a cosigner is present on the loan. The interest rate reduction for authorizing our servicer to automatically deduct monthly payments from a savings or checking account will not reduce the monthly payment, but will reduce the monthly finance charge, resulting in a lower total cost of loan. Variable APR rates may increase or decrease depending on fluctuations in the London Interbank Offered Rate (LIBOR) index. Monthly interest rate accrual is based on the published One-Month London Interbank Offered Rate ("LIBOR") as of the last business day of the previous month plus your applicable margin. As of October 31, 2018 the One-Month LIBOR rate is 2.31%.

²Immediate repayment examples assume a 1% interest rate reduction incentive that is only available to loans with a credit-worthy cosigner.

³Interest-only repayment examples assume a .50% interest rate reduction incentive that is only available to loans with a credit-worthy cosigner.

⁴Autopay Benefit: During Periods when payments are due, you will be eligible to receive a 0.50 percentage point interest rate reduction on your loan by authorizing our loan servicer to automatically deduct your payments each month from your bank account. The interest rate reduction for authorizing our servicer to automatically deduct monthly payments from a savings or checking account will not reduce the monthly payment, but will reduce the monthly finance charge, resulting in a lower total cost of loan.

⁵Cosigner release allowed if an account is in current standing, after 24 months of consecutive & on-time payments with a borrower FICO >749 for EDvestinU Private Student Loans and minimum income requirement of \$30,000 with no foreclosures, repossessions, wage garnishments, unpaid tax liens, unpaid judgments or other public records having an open balance exceeding \$100 during the last 7 years. The borrower must not currently be involved in bankruptcy proceeding or had any bankruptcy filings during the past 10 years and cannot have any defaults on education loans.
